

FEES AND INSURANCE

Name: _____

- My fee is \$200.00 for the initial session and \$150.00 for a 45-60 minutes per session thereafter. Shorter sessions will be pro-rated. All fees and copayments are payable at the beginning of each session. Nearly all forms of payment are acceptable. Checks are payable to Serene Pathways Counseling. Clients can also request to be billed and pay monthly. Fees paid to this office can be submitted for reimbursement to Health Savings accounts, etc. If you do not have insurance that helps pay for sessions, I can offer a cash discount of \$135.00 for the first session and \$95.00 for each session thereafter.
- Fees for collateral visits or consultations (i.e. court, school, medical team, etc.) are not payable to insurance companies and will be discussed prior to providing these services.
- Every effort will be made to utilize your health insurance coverage. Although knowledge of your specific coverage is your responsibility, our biller will do all that she can do assist you with this. In the event that your insurance does not cover part or all of your sessions or you reach your maximum benefit, you will be responsible for all or part of the visit, including deductibles and co-payments as allowed by your insurance.
